

Measure

Gather objects in the house and talk about which is taller than, shorter than, heavier than, lighter than.
Talk about more than and less than.

Use language to show comparison - shorter, taller, wider, narrower, deeper, holds more than, same as, not the same as, first, second, third.

Ask questions which encourage your child to compare things
e.g Who is the tallest in the family?

Is my bag heavier than yours? etc.

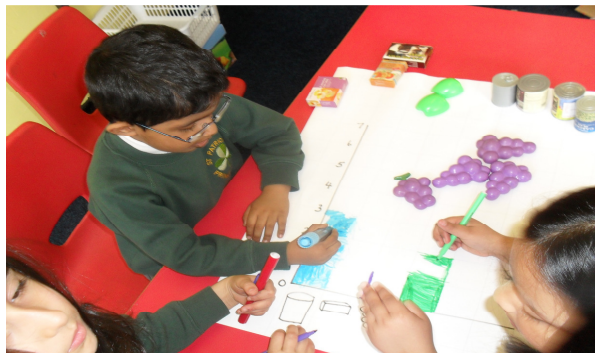

Information Handling

Continue to gather information from everyday situations

Crossing the road - Green Man, Red Man

Choosing from a menu e.g. take away menu

Choosing programmes from the TV guide
